## Divine Healing Codes And How To Use Them

Good morning!

It is time for us to discuss the various healing codes and how to use them. These codes are quantum healing tools that are safe to use on everything and everybody, and have no side effects.

Since they are quantum, the intent and the energy of the person using them has a little bit of 'effect' in how powerful they are going to be when they are used.

In the hands of someone with a powerful heart energy--which has more to do in your strength of purpose and your ability to be actively involved in your Life's Mission and connected to source than anything else--they will work.

Instantly.

For example, my son had an insect sting on his nose yesterday at a picnic. I gave the code for insect sting to my friend, the mother of another classmate, by text. She gave it him. And he wrote it in the air over the sting. Five minutes later, he was playing, pain free. And I couldn't see the mark of the sting when I picked him up from school twenty minutes later.

With lower energies they still are effective, but perhaps not as dramatic in their results. <3

### **HOW TO USE THE HEALING CODES**

Know that they will improve with practice in their use.

***The spaces between the numbers are IMPORTANT--be sure to copy them exactly as written for them to work.***

There are three ways to use the codes:

- write it on the part of the body, or on a sticker and stick it on the body anywhere in the aura.
- write it in the air over the part of the body
- pull up anything that has the numbers on it online, on your phone or tablet, make the number big on the screen, and hold it over the body part or food item you wish to apply the code with the intent to use it.

***In all three methods, Archangel Raphael and Divine Mother will actually BE present and provide the power from where themselves for the code to work.***

***It is your practice, skill, desire, intent, and trust that will make the difference in the Healing going from THEM through you and your aura to help what you desire to be fixed.***

***There is also a powerful influence of the energies that are on Gaia at this time, they have not been this high since the days of Atlantis and Lemuria--think of it as an 'Energy Soup' which provides the essential healing energy for these codes to work, too. The higher the vibration, the better these codes are going to work, in every way.***

### **CAN THE HEALING CODES BE COMBINED OR REPEATED?**

Yes. There is no harm in mixing these codes. They can be used as often as desired to achieve the result you seek.

### **WHAT IF THE HEALING CODES DON'T APPEAR TO WORK?**

This is energy healing. It is like Reiki. Reiki always helps and has no side effects. However, healing can take place on deeper levels than what meets the eye. Illness is the result of an energy imbalance that is very difficult for most people besides psychic healers to see. When the imbalance is not corrected, it manifests in the physical body. So remember when you are using energy medicine, the healing goes to both the underlying energy imbalance and the physical. Sometimes the physical heals first, like in my son. Sometimes the deeper healing takes place. Either way, healing is happening, and you will have to trust in it.

### **DO THE HEALING CODES REPLACE DOCTORS?**

Perhaps in the times of Lemuria and Atlantis they once did. However, today, with illness, there is a trend towards healing that I call 'Whatever Works!'--or 'Take The Best And Leave The Rest'. Dr. Masaru Emoto, a wonderful healer, insists that all his patients continue their standard treatment, and his water 'balancing' energy healing is a layer that goes along with it. This is what I recommend to you--think of these codes as powerful 'layers' to add to your over all healing--much like the Reiki I give to my patients in the O.R. during their surgery. Remember that medicine, and medical intuitives, are also the ones that give the *diagnosis* and the *treatment plan*. They are familiar with disease and its natural progression. It is good to have someone with this knowledge to track your progress, and perhaps, see the miracle of the healing codes directly through their

result on your efforts!

*Love is an energy of the Highest Vibration  
It is essential to life and to all healing that takes place, in everything, everywhere.*

The Healing Codes are going to be organized by Systems, and this document will be updated as more and more Healing Codes 'come through' from Divine Mother, Archangel Raphael, and Source.

They are a gift from Spirit and are to be used for free, and freely shared. Here is a reminder from both Marc Gamma and Isabel Henn, the first originators of the codes. All documents pertaining to their discovery are listed in the references of the bottom of the page. Please note that Marc has closed his blog, and some links from him may not show up.

Isabel Henn asks for this to be included in this document from this time forward--at the request of Divine Mother:

***This assembly of codes and the instruction how to use them is NEVER to be sold, but always to be shared free and without any claim or exchange. It is written for the free use by all humans and all beings as I give the codes for the free use by ALL. Each human, each being has a right to use these codes free and without charge. It is also not allowed to change this assembly, unless I give my appropriate personal order for this. Without the authorization through me or as a transfer against exchange the codes will be useless, because they request a certain consciousness and a certain frequency level of the people so that they can be used. I tell you this to stop any ideas for this purpose before they even begin. This is a living document, all new codes and the links to the messages shall be integrated here.***

***And please remember the spaces in the number sequences as they are important. Without them the codes won't work but it would lead to far to explain it here. Be careful to write the number codes correctly."***

Archangel Raphael says this for **86 42 789** and for **16 612 485 97895**:

1. This code is safe for use in children--there is a safety feature in the energy--it won't be too much and cannot cause harm.

2. It is a dual-purpose code, one for mental/behavioral concerns and the other for common childhood illnesses.
3. FOR ADHD: **continue all medications as prescribed by a physician because abrupt withdrawal can have substantial consequences to the health of your child.**
4. FOR SUSPECTED ADHD: there is no harm in the code use, but if no improvement is seen, please take the child for a full medical work up.
5. **THIS CODE MAY NEVER BE APPLIED TO ANIMALS--THE ENERGY IS SO STRONG IT WILL KILL THEM IN A SHORT TIME.**

**To use the code correctly:**

- write the code on the chest area
- had the person rest for at least one hour
- no big strains, driving a vehicle of any kind--responsiveness is limited for several hours

This code may be used with the same directions for measles, german measles (Rubella), ear/nose/throat pain attributable to inflammation, polio

Use your heart and your inner guidance

Practice until you feel you have the skill to apply these with maximum benefit

Ask for All Divine Assistance to help you every time, and to correct for any mistakes you might accidentally make in using them.

I love you.

Aloha and Mahalos,  
Namaste,  
Peace,

Reiki Doc

P.S. With all gratitude to Marc Gamma, Rilana Jaun, Contra Mary, Paulina Loftus, and Isabel Henn

If they come to you for healing, you do not. It is like another 'Reiki Symbol' with numbers and only the heart opening is needed to activate them, not an attunement. With practice, the numbers work very well. It takes a certain energy from the heart to make them work correctly. Please use them as often as you can, and share the results with us.

I've never done this, so forgive the silly question. The numbers, you write them on a sheet of paper or draw the numbers above the affected area?

[Reply](#)

[Replies](#)

**Reiki Doc** [September 20, 2014 at 4:39 PM](#)

write them on you with a crystal or finger or pen. I also for my patients write them on a sticker and stick it on them. Be mindful of the spaces, they are important.

Last night, I used 86 42 789 on myself with my Lemurian Seed crystal before going to sleep. I'd like to add to the disclaimer, DO NOT try to suddenly stand up! I awoke after a few hours with an urgent need to use the restroom, the energies were still assimilating, & nearly fell over after quickly jumping out of bed. The energies are indeed very powerful, it was an amazing & intense feeling, I can already feel the improvements to my mental state but please be careful & take it easy when using this code. We don't want anyone to have any nasty spills while trying to heal. :)

This one is also helpful for many viruses too, it is more than just for mental. Full precautions still apply with the disclaimer for this application of the code too.

Thank you for the empowerment of the Reiki symbols. I would be interested in any for increasing adrenal and /or pituitary function. I liked the article on surgeons. Aloha Edie! I am in California, but spend much time in the Islands every year. When we have enough vibration here on surface Gaia, with all of the inhabitants, more and more codes will arrive because it takes the power of our energy, our heart centers plus Spirit (and lots and lots of practice!) for them to work. Many have had success with these codes :)

**Reiki Doc** October 26, 2014 at 9:50 AM

Not yet my friend. That one takes an awful lot of healing energy to reverse--the energies on Gaia are not quite there yet. Please concentrate on your own spiritual development, and raise your vibration as high as possible. When all on surface Gaia do this, the energies will be amenable to reversing this awful disease process. In 5D, disease will no longer exist. I hope you understand this message? It is meant with loving encouragement for all who live here on Earth to increase their consciousness, their spiritual development, through meditation and working with inner guidance to increase their ability to live with Light.

**Reiki Doc** November 8, 2014 at 11:46 AM

By the Karuna Reiki level we are accustomed to working with the higher self and obtaining permission on a 'soul level'. I'm not sure of your level of training, but a

pendulum might be of help in situations like this where one wants to know.

With practice, and with increasing the vibration of the individual, better and better outcomes more consistently happen, as long as it is in agreement with the live plan for the individual.

Can the cancer codes be used prophylactically (i.e. preventatively)—for instance, if one has a family history of a particular type of cancer?

Thanks,  
Nicole

[Reply](#)

[Replies](#)

**Reiki Doc** November 25, 2014 at 10:40 PM

Hi Nicole, That is a good question! From what I understand, these are quantum vibrational frequencies that correct the imbalance of the disease present. As someone with a genetic predisposition to a disease, there is possible an imbalance in the energy, or more specifically, a 'switch' in the DNA that could turn the disease 'on' for example in a cancer.

I don't know. It makes sense, I agree, to use the codes prophylactically. It can't hurt.

I would go so far further as to encourage you to strengthen your aura--your energy field--by raising your vibration as high as you can. With your thoughts, your feelings, your lifestyle, your actions...the more strong and healthy you are as a unit, the more your aura and vibration will repel 'bad things'. In the Higher Realms, disease as we know it does not exist (recall the little boy in the book Heaven Is For Real who was astonished that there were no glasses in Heaven!)

Either way, the codes will work provided you have practice, are open to working with Divine Mother and her energy (and Raphael and the rest), and it is not in your Life Contract to have the disease. Some people do, for karma reasons, while we are still in the Dimension between 3D and 5D we are in now.

I hope this answers your question. Long story short--yes, it may help, it can't hurt, and while you are at it, do everything you can to strengthen your aura! Namaste.

[Reply](#)

**Nicole** November 25, 2014 at 10:45 PM

That's what I thought—and I already do those things. I'm determined that developing cancer NOT be in my soul plan, so I'll try these out and report back. Invariably, with other energy systems I've used, if there's any trace of the disease patterning in my body, I do feel some shifts. So we'll see what happens! Thanks!

What would you suggest for cardiac arrhythmia/palpitations?

[Reply](#)

[Replies](#)

**Reiki Doc** November 28, 2014 at 11:46 AM

It hasn't come through from Source at this time. The next best is 'cellular abnormality' and I would work on each of the chakras to correct any underlying imbalances until the code comes through. I also suggest reading the book by Louise Hay and Mona Lisa Shulz, MD, 'All Is Well' and looking at the heart chakra chapter. Be careful to apply all affirmations that resonate with you.

**Reiki Doc** March 3, 2015 at 4:34 AM

Look under Archangel Healing Keys for the Reiki Symbols which are new and permitted for non-Reiki trained people. The official Reiki ones will only work after an attainment form a Reiki Master. They are all over the internet, and easy to find, just for the symbols. The attunement 'activates' your energy system for them to work with you.

**Reiki Doc** December 9, 2014 at 5:07 AM

These codes improve with practice. Sometimes it's a one shot deal. Sometimes it takes more, especially if the one using the codes hasn't quite 'opened the energy part' yet in them enough--the directions explain how our energy mixes with the Divine Mother and the vibration out in the collective consciousness in general. Other times the codes might not work is if it's not for the birth contract--and highest good for the individual in their life plan...or if the person is really absorbing lots of energy upgrades, the body increases the weight to keep it grounded. In Reiki One attainment our teacher told us weight gain is common for a short time, and it will go away after the energies balance out...These are some thoughts. One last thing, if there is for example a medical reason behind the weight

gain, the weight loss one might not work just on its own. The diabetes one or the thyroid one should be used with the weight loss code. My recommendation is to use everything that works, and everything that resonates with your heart center on the list.

I would find the codes that come close and 'feel right' to you and continue using them until one for this specific condition is given.

Whenever there is a code that is needed and not available, I suggest using the 'all cellular abnormalities' one with the intent for the condition. I would suggest the root chakra code for this condition too.

Ordinary Reiki may be used on plants--just direct it at the roots. I will ask Divine Mother about any plant healing codes. The ones to reverse GMO I believe will work on both living and ready to be consumed plants. There are also two new codes out this week for marijuana.

Hi, are these codes from Isabel Henn and the bold ones from Gregory Grabovoi?, I arrive here from a reference that says Reiki codes. please explain, there is such a thing as Reiki Codes?, Thanks good info.

[Reply](#)

[Replies](#)

**Reiki Doc** [February 16, 2015 at 7:12 PM](#)

I do not know Gregory Grabovoi. These codes originated from Archangel Raphael who worked with Marc Gamma. Divine Mother also gave the codes to Isabel Henn. I update the list. Some codes come through other incarnate archangels. They are free for all to use, and no Reiki study is needed to use them. However, since these are quantum healing, Divine Mother is always energy support in their use. It takes a combination of one's ability to work with energy healing, and ability to align with Her Divine Energy for these codes to work. Both Archangel Raphael and Divine Mother recommend practice until mastering the ability to have the codes work consistently. Again, as long as the Life Plan permits it, these codes are effective for many who are using them at this time, including myself. <3 Namaste.

I am so grateful for this information. I know that it comes to me at a time when I am meant to use and share with others to care for and heal ourselves and each other. I will share my experiences in this forum as I work with these Divine Healing Codes. I have experienced healing that came from Archangel Raphael and Mother Mary through an intuitive healer who helped me heal from cancer many years ago. I'm sure that the fact that I found this information out of the blue is not by coincidence. Again, thank you and the others who shared this information through you.

Thank you so very much for these codes <3

I've gone through all the comments to make sure I don't ask a question that was already answered. Please could you advise how I can write the codes on my face, eg. eyes? If I write the numbers in the air with my finger as I see it, it would be the reverse if viewed by another person in front of me . I hope you know what I'm trying to say.

Heartfelt thanks again for sharing this Divine gift! Namaste

**Reiki Doc** March 10, 2015 at 4:08 AM

Write it in the air and walk through the code. This is one technique we use in Reiki. When I write the codes on others, they are typically facing me and it is the same effect, or if they lie flat then for them the numbers would be upside down when I stand at the head and write them. Spirit will know the difference. Open your heart, and write, if you wish, near your eyes.

For my eye codes, I write them on my arm, either write or left, and the healing knows where to go. Some codes work better for me when I write them on my leg or my stomach.

Follow your intuitive guidance--and you will do just fine <3

**Grace** March 10, 2015 at 6:27 PM

Thank you, much appreciated! And thank you for all that you do <3

**Salvador S.** March 13, 2015 at 11:43 AM

Is ok if i write in the air vertically through my body?

**Reiki Doc** March 14, 2015 at 6:16 AM

I always write them horizontally. Divine Mother wants them to have the spaces in between, and wants them exactly as given. I don't know the answer to your question. As for me I will always write them exactly as shown.

**Salvador S.** March 17, 2015 at 7:04 PM

I dont explain well, is not a number under another vertically, but sideways respecting the spaces,like if you rotate the number, also if i write the code, the code will be effective until code wears off os must be rewritten daily?, Thanks.

Can the code for cellular damage - 33 45 634 be used for healing hyper pigmentation, since i do not see the code for that.

Also can I use the code for Bipolar disorder for a person living in another country. Just want to make sure that it does not bring up the symptoms for the person as a process of healing since he is far away and just fine right now as he is on medication. Please help

[Reply](#)

[Replies](#)

**Reiki Doc** March 14, 2015 at 6:21 AM

There is no harmful side effect from using these Divine Healing Codes, they can only add to the healing with standard treatment that is taking place. They are not a substitute for medical care because depending on the vibration of the heart center of the one working with the codes, this is a necessary part for their use. Divine Mother energy is always the same. It is the ability to work with the energy which requires practice in their use. With meditation, an open heart, and a very strong connection to Source, as long as the condition is not a part of the person's learning process (an illness in the birth contract as a lesson) the codes will work. Yes I would use the cellular damage code until hyper pigmentation codes are given by Divine Mother to us.

## XVIX. Healing Of A Spiritual Nature

### Healing The Chakras

#### First Chakra (Red or Root)

13 23 251 to optimize and balance the energy of the base or 'root' chakra (red)

10 010 5856 for chronic root chakra blockage/inability to ground to Gaia

#### Second Chakra (Orange or Navel)

54 28 131 to optimize and balance the energy of the second or 'sacral' chakra (orange)

#### Third Chakra (Yellow or Solar Plexus)

80 03 011 to optimize and balance the energy of the third or 'solar plexus' chakra (yellow)

#### Fourth Chakra (Green or Heart)

54 56 821 to optimize and balance the energy of the fourth or 'heart' chakra (green)

88 76 543 for opening the heart chakra when it is closed--good for low self-esteem, lack of self-love, poor self-acceptance, and deep injuries on a soul-level. It will not resolve karmic imbalance but it supports the healing process greatly. Use with permission from your Higher Self or Inner Guidance for you, and also with permission on a soul level if used to help heal another.

#### Fifth Chakra (Blue or Throat)

77 74 089 to optimize and balance the energy of the fifth or 'throat' chakra (blue)

88 26 789 for opening the throat chakra for better communication ability (use only with the permission from your Higher Self and intuitive guide each time it is used--there is risk of a side effect of energy 'jam' that might need to be released by a Reiki Master in the

person who uses it without this permission. It is powerful, this code.)

Sixth Chakra (Indigo or Pituitary)

82 88 133 to optimize and balance the energy of the sixth or 'third eye' chakra (indigo)

Seventh Chakra (White or Crown)

10 01 688 to optimize and balance the energy of the seventh or 'crown' chakra (white)

Higher Chakras (Silver, Gold or Master Chakra)

34 50 824 to optimize and balance the energy of the master chakra (all)

Healing The Meridians

55 68 7321 to balance and optimize the energy of Liver meridian (wood)

66 78 5931 to balance and optimize the energy of Gallbladder meridian (wood)

71 68 2561 to balance and optimize the energy of heart meridian (fire)

21 34 7980 to balance and optimize the energy of small intestine meridian (fire)

31 21 8881 to balance and optimize the energy of pericardium meridian (fire)

45 67 8921 to balance and optimize the energy of triple warmer (fire)

51 21 9122 to balance and optimize the energy of stomach meridian (earth)

61 81 2959 to balance and optimize the energy of spleen meridian (earth)

78 58 2191 to balance and optimize the energy of lung meridian (metal)

59 61 7982 to balance and optimize the energy of large intestine (metal)

81 21 5971 to balance and optimize the energy of kidney meridian (water)

21 81 9969 to balance and optimize the energy of bladder meridian (water)

Thank you for your interest and I hope you will enjoy using these codes. Namaste.

## About Me

### Reiki Doc

I am a medical doctor who works in a hospital. I do anesthesia. I am also a Reiki practitioner. While I do anesthesia, I also make this form of Energy Healing available to my patients who wish to have it while their procedure is taking place. I have quite a following at work. Many patients and coworkers request my services. Recovery room RN's love me. All of my patient report the same thing: they felt no pain. One friend's spouse actually made her take two of her pain pills at home because he absolutely could not believe she felt no pain after gallbladder surgery!
